

THOMAS 1010 Coin or Token Dispenser with Contactless Card Payment

THOMAS 1010

The Thomas 1010 changer is a modern, reliable and secure dispenser, offering contactless payment in exchange for one denomination of coin or token

The Thomas 1010 accepts all forms of cashless payment, including:

- Debit and Credit Cards
- Mobile, SMS and NFC Payments
- Swipe, Contact or Cashless
- Prepaid cards

Our Nayax system bypasses costly banking channels, deducting a fixed % of each transaction value and paying the balance every week directly to your bank account.

As part of our wall mounted range it provides a practical solution where space is a premium. The robust, powder-coated cabinet, with 5-point locking mechanism, ensures the machine is both secure and durable.

Description	Part #
