

PayStation with Smart Card integration

The Thomas 8012C PayStation combines reliable and secure cash-handling with a unique, fully configurable menu, allowing venues to dispense & reload Smart Cards, such as Semnox Fun cards, via its built-in card reader/writer/dispenser. These can be used for pre-paid goods or services.

Features:

- Fully integrated with the Semnox Cashless System
- Heavy duty steel construction makes it secure
- 21" touchscreen allows simple user access to all kiosk functions
- Reliable thermal printer for receipts and audit reports
- iButton fobs identify staff members and authorises controlled actions
- Multi-functional banknote acceptor with secure stacker
- Multi-functional card reader/writer/dispenser
- Advanced coin validator and coin hoppers work seamlessly with change machine applications
- Chip-and-pin and contactless payment solution optional
- Available for purchase or rental

Machine build specification:
