# Thomas 8000 Series - Purchasing a TITO Ticket using a Debit Card Overview

Included in Thomas PayStation v1009 software, is the facility to offer the purchasing of a Game Play Ticket (TITO) via a debit card payment!

## Functionality Overview

When TITO Ticket Purchasing via Debit Card functionality is enabled, displayed on the machine's screen when idle, will be a new '**Press to Purchase a Game Play Ticket via Debit Card!**' button. If this button were to be pressed, the steps below detail out the end user story;

1. A '**Staff Authorisation Required'** message will pop up
2. Presenting any paired iButton fob, will clear the message
3. A customer disclaimer screen, with GambleAware and age 18+ notice, will need to be accepted by the Customer, by pressing the 'Proceed' button
4. A screen with operator configured Game Play Ticket values (e.g. £10, £20, £30, £40 & £50) will be displayed [These are setup via the PayStation Management Zone]
5. Pressing a value, will prompt the customer to tap or insert their debit card
6. A debit card payment recipt will be issued on successful payment authorisation
7. A Game Play Ticket will be issued for the requested value
8. The Game Play Ticket can be inserted into a compatible GBG TITO gaming mahcine

NB: Just as before, when the machine is idle, inserting notes / tickets / coins will either payout coins automatically or show you the payment selection screen, depending on machine configuration.

## Requirements

To enable your PayStation to process card payments and dispense TITO tickets, the following is required:

- Internet connectivity provided via Ethernet (RJ45), Wi-Fi or 3G / 4G
- Network connectivity to a compliant and connected GBG TITO System, via Ethernet
- Compliant Chip & Pin hardware
- A merchant bank account with an approved acquirer
- Either a Gen 5 or EP802-TMP ticket printer

## Payment Service Provider Processing Fee

If you require furthur information on the processing of card payments, including approved acquirers, then please refer to the 'Thomas 8000 Series - Credit & Debit Card Payment Processing Overview' document, available on the Playsafe System Knowledge Base.
