

PayStation 8000 series

Our trusted and robust change machines are market leaders across many sectors. Coins and bank notes, Chip and Pin, contactless and mobile payments, our machines will process your customers' preferred choice of payment reliably and efficiently.

Our PayStations can also integrate with third party systems, enabling the PayStation to handle payments for these systems, print tickets, reload Smartcards, etc. The PayStation helps automate and secure your payments and drive efficiency into your business.

If you're interested in our PayStation 8000 series or would like more information please contact us.
